PORTRAIT TO COME

GENERAL-MARKET VISION. CROSS-MARKET REACH.

US / LATAM / EUROPE · EN / ES

01 / About

## Creative judgment.
## Commercial execution.

I am a founder-operator and Peabody-winning producer. I build, scale and sell creative businesses, combining an instinct for stories and audiences with hands-on execution. My track record spans production, digital platforms, distribution and publishing — from executive producing *Jane the Virgin* for a general-market audience to building Pongalo and El American. I bring that experience to opportunities across media, tech and consumer: finding the idea, shaping the business, building partnerships and making it happen.

English and Spanish. Reach across the United States, Latin America and Europe — a commercial advantage, not a limit on the stories I help bring to life.
